- **NFT market today**
- NFT or non-fungible tokens, becoming very popular in the last six months, is an attractive tool and a new possibility for digital investors.
- Technical nature of these currencies allows to use them effectively in copyright sphere. Pictures, songs and even newspaper columns are digitized and sold for hundreds of thousands USD dollars almost every day.

- 
- How do we earn
  - It is difficult both for newcomers and experienced user to understand NFT diversity that appear at the market and buy the most advanced NFT of rising prices, but not counterfeit or stolen works appearing at the market as well.
- NFT popularity attracted a lot of gyps to the market who use works of other people to create NFT and claim authorship. Even experienced users can buy a borrowed work.

- Possibilities to earn
- Except for basic functions, META (Meta Token) can be sold and bought at stock exchanges earning from rate increase. We shall continue developing eco system adding new functions and methods of META (Meta Token) usage to increase its liquidity and price.
- Follow updates and news to be aware of stay up-to-date with the latest events.

- Our own NFT
- As the Company develops we plan to start launch of our own NFT and sell them at auctions in future. Such lots are distributed at Christies platform as well - it is one of the most famous auction house.
- Looking ahead the established reputation and the team of talented authors shall help us to promote at the market easily.

### We follow new tendencies

How do we earn?

NFT popularity attracted a lot of gyys to the market who use works of other people to create NFT and claim authorship. Even experienced users can buy a borrowed work.

We check NFT reliability very thoroughly and work directly with authors for not to buy counterfeit. Our specialists study all works and their authors in details to understand perspectives of one or another work and earn from price increase.
